

**Kentucky CCCR  
Bullet-points  
2010**

*Condition of  
College & Career  
Readiness*

- 509 more 2010 graduates met all four College Readiness Benchmarks compared to the 2009 graduates
- 526 more 2010 graduates met the Science College Readiness Benchmark compared to the 2009 graduates
- 1005 more 2010 graduates met the Mathematics College Readiness Benchmark compared to the 2009 graduates
- 190 more 2010 graduates met the English College Readiness Benchmark compared to the 2009 graduates
- 317 fewer 2010 graduates met the Reading College Readiness Benchmark compared to the 2009 graduates
- 1743 fewer 2010 graduate score reports in the 20-23 Range, which means no remediation needed (786 at 24+) (2035 fewer score reports).
- 74 percent of the graduates indicated an interest in obtaining a bachelors degree or higher
- The most frequently listed major/career interest is Health Sciences & Allied Health Fields
- 05 Kentucky high school graduates scored a "36" Composite
- 48,855 10<sup>th</sup> grade students took PLAN®
- 44,855 8<sup>th</sup> grade students took EXPLORE®
- 118,317 COMPASS® units and 1020 ASSET® units were purchased by Kentucky postsecondary institutions in 2009-2010. The Kentucky Community and Technical College System colleges participate in a Systemwide adoption. Many four-year public and private Kentucky colleges also use these programs, which assist with proper course placement for students.
- Boone County Schools created clusters of schools (elementary, middle, high) to begin vertically aligning curriculum, assessment and instructional practices. The goal for these clusters, lead by the high school principals, is to increase college and career readiness for all students as evidenced by the EPAS scores.
- The Kentucky ACT Council and State Organization will host its 3<sup>rd</sup> Annual Education Forum November 19, 2010 in Louisville.
